## Powerful, cost-effective research conference software you can trust

From simple abstract management, to a feature-rich and engaging virtual conference schedule, you no longer have to sacrifice performance when you're on a budget.

**REIMAGINE**

## Icon

We've updated the REIMAGINE wordmark to be less rounded and have included a matching slash on the end of the word to balance it.

## Using the 'R'

We've utilised Holly & Jorja's idea of using the R as a frame for content and imagery which gives a window into the world of fashion at NTU.
