Fashion Towards Post-Humanism

[1] Beyond Certainty to Contingency

Where does differentiation and innovation in fashion design come from?

What kind of identity is the new sensitivity fashion brand that the new generation wants?

What insights can we impart to future generations of fashion?

[2] Beyond Isolation to Trans

How is digital transformation changing players within the fashion industry?

How is the fashion industry expanding and connecting?

Are there new orders forming in the world of fashion?

[3] Beyond Growth to Introspection

Can the fashion of the era of humanism, which was extremely centered on humans, sustain?

How is the fashion ecosystem changing post-pandemic?

How can the fashion industry cooperate for a positive future society?
