

# **IFFTI Exchange Initiative Application Form 2024**

IFFTI strongly supports the exchange of faculty, staff, and post-doctoral researchers between our member institutions. The Education Initiatives Sub-Committee and Research Sub-Committee agree that short visits between and among member institutions play a vital role in not only informing and enhancing educational and pedagogical strategies but also in fostering collaborative research initiatives. These exchanges nurture skills development in individuals, thereby strengthening our collective capabilities in both academia and research within the fashion industry. Faculty members are invited to submit proposals for consideration to receive an honorarium of US\$2500(Intercontinental) or US\$1500(Intracontinental) towards the cost of such visits.

Please note that applicants must have contacted and agreed to the details of the exchange with the proposed host institution before submitting their application or the application will not be considered.
