**17th Global Week at Chitkara University was all about Celebrating Design Without Borders**
An inspiring week of cross-cultural learning, networking and creativity across the campus.

At Chitkara Design School, we were honored to host Prof **Barbara Brocchi** from Istituto Europeo di Design, for a fantastic week on Expressive Illustration – pushing our students to think beyond lines and tell stories that speak.

**Ahda Yunia Sekar Fardhani**, Telkom University, Indonesia, was present during the global week for an insightful workshop on Sustainable Fashion Systems– exploring the future of fashion through responsibility, innovation and circularity.
