

1. Pearl Academy Delhi has been awarded GOLD Award and Pearl Academy, Mumbai awarded Silver Award in the category “Excellent Leadership – Best Fashion Business School’ during Edutainment Award 2024, India’s biggest creative career festival of India.

2. Aligning with Pearl Academy’s ethos of making their students global designers, the interior design department at Pearl Academy (PA) collaborated with the Manchester School of Art of Manchester Metropolitan University (MMU) to curate a remarkable experience. In mixed location groups consisting of students both from PA and MMU, students collaborated to design adaptive reuse for The Royal Art Theatre in Manchester, UK and Madhavendra Bhawan in Jaipur, India.

3. Pearl Academy celebrated its Portfolio' 24 showcasing the best of Pearl students' work across art, design, and fashion. The students' designs were showcased under the theme "Tech Nomads."

The fine work was a culmination of their learning experience in college combining their hard work and dedication redefining the thin line between creativity and technology. As you go through our fashion students' work under the keywords of alternative habitation combining virtual and real-world; alternative identification depicting identity, culture, and emotional impact; and finally adaptive inclusion that breaks the stereotypes in society and how the world is opening to inclusivity. The ramp show was a dramatic rendition of fantasy tech, a beautiful statement in fashion radiant with opulence.
